

Frozen Planet EYFS Knowledge Organiser Spring 1

Winter

Deciduous trees are **bare**, many plants do not grow.

Lakes and rivers **freeze**.

Nights are longer in the **Winter**.

Some animals **hibernate** in the **Winter**.

The weather in Winter could be snow, frost or fog

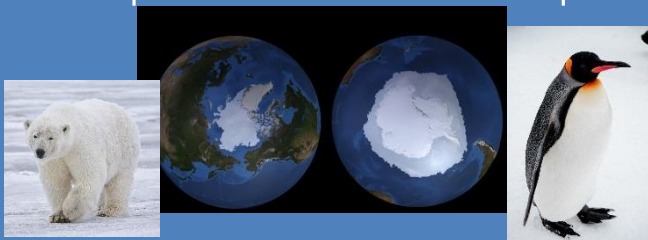

Seasons - There are 4 seasons in a year.

Spring Summer Autumn Winter

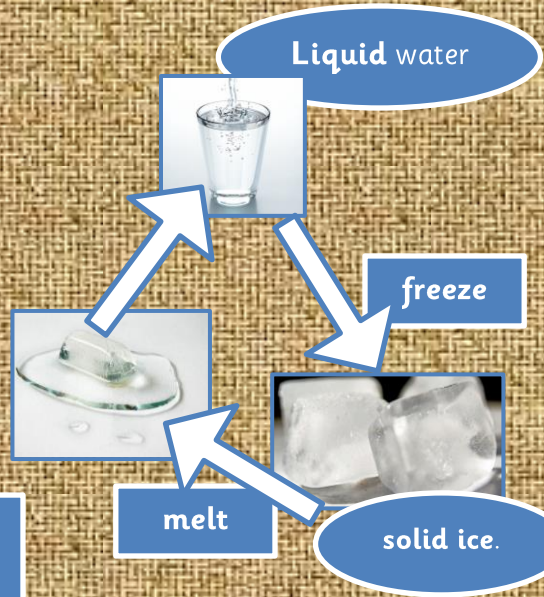

Arctic
North pole

Antarctic
South pole

Polar - Some places are cold and snowy all year.

We need to dress in warm clothes in Winter.

Climate – normal weather for a place.

brood – a family of young penguins.

Colony – a group of penguins

Incubation – time spent warming an egg before it hatches.
